ABSTRACT

Prenuptial agreement can give legal certainty to land ownership right on intermarriage. Intermarriage is rife in Indonesia, usually in a mixed marriage of a citizen will lose ownership rights over land in Indonesia, because of the many people who are not informed about these issues while they do have land in Indonesia is a right held by the citizen. This research is a normative law, namely by reviewing the materials, therefore, the data used in this research is secondary data. Which covers primary legal materials, secondary, and tertiary. Results of the study is to that mix, so the law of the land ownership right in marriage citizens who want to marry foreigners do not have to worry when they can’t have their own proprietary Indonesia. This study concludes that the agreement provides the legal certainty of land ownership rights in mixed marriages. To obtain legal certainty under article 103 2015 mentioned that evidenced by agreement made by notarial deed.
